Weybridge Highway Improvements Scheme

Statement of Reasons

Manby Lodge School Weybridge Proposed 20mph Speed Limit

Surrey County Council propose to introduce a 20mph Speed Limit to improve safety and reduce vehicle speeds in the following lengths of road in Weybridge: -

1. That length of A317 Queens Road that extends from its junction with A317 Monument Hill, to 34 Queens Road

2. D3872 South Road (entire length)

3. That length of D3868 Oatlands Avenue that extends from its junction with A317 Queens Road, to 5 Oatlands Avenue

This proposal features together with other measures to form part of a wider improvement package that seeks to improve walking, cycling and bus travel facilities and de-cluttering of street furniture in Weybridge. The scheme has been jointly promoted by Elmbridge Borough Council and Surrey County Council. It has the support of the elected local member and Surrey Police, and complies with the updated Surrey County Council's Setting local speed limits policy.
