Local Agency Video Submissions for SCGTV

Visit app.cablecast.tv/submit/85f9cb5b-aee3-4034-b3b8-d9abf32d2961
or scan below for submission form.

- Please fill out the content submission form to submit a video to be aired on SCGTV (pending county review).
- In the Show Title field, this should match the video file name. Use an _for space, use all capital letters and include the agency name.
- In the CG (Viewer) Title field, this is what the viewer will see displayed on their screen when watching the video on SCGTV.
- The Request to Air Date is the requested date to air the video and this should be a minimum of three business days in advance to ensure review of video.
- The Video Expire Date is the date the video will no longer play on SCGTV. For evergreen videos with no expiration date, please select no more than one year from current date.
- All videos submitted to SCGTV must have closed captions. Our team is available to provide a tutorial if editing in Adobe Premiere or can recommend different training for those editing in different software.
    - Please note that with the WCAG 2.1 AA requirements taking effect in April 2027 there will likely be additional, more stringent requirements needed in order to submit content for air on SCGTV.
