Finance & Resources

Director of Delivery – Robbie Erbmann

Date: 30 April 2025
Our ref: Parkland Walk Temporary Closure

Dear Resident,

Update: Parkland Walk subway entrance will remain temporarily closed until close of business (around 6pm) on Thursday 1 May 30)

The council is building 32 new council homes and 9 homes for private sale at 100 Woodside Avenue. Our contractor for the new homes is Formation Design and Build Ltd. You can find out more about the project at: https://cranwood.commonplace.is or scanning this QR code.

Scan this QR Code for our 100 Woodside Avenue (Cranwood) website

The section of the Parkland Walk running down from Muswell Hill Road and the subway is temporarily closed to enable Formation Design and Build Ltd to safely install a gantry system above the Parkland Walk. The gantry system will temporarily house their site office and welfare facilities for the duration of the construction of the new homes. [Once the new homes are built, the gantry will be removed, and the Parkland Walk will be fully reinstated.]

The installation of the gantry system is unfortunately taking slightly longer than planned, and so the Parkland Walk will now re-open before close of business (6pm) on Thursday 1 May.

During delivery and installation of the cabins, parts of the pavement on the site side of Muswell Hill Road will be temporarily closed, which will require crossing Muswell Hill to go round.

We do apologise for any inconvenience caused and thank you for your understanding and cooperation during the installation works.

With kind regards,

Barry
