Proposed Parking Scheme

Resident/Occupier in the
Bensham Manor Area

Please ask for/reply to Parking Design
parking.design@croydon.gov.uk

Our Ref: PD/CH/BM
Date: 1 September 2026

Dear Resident / Occupier,

Proposed Extensions to the Croydon N1 and TH Controlled Parking Zones and proposed new Bensham Manor (BM) Controlled Parking Zone – Penshurst Road, Haslemere Road, Norman Road, Torridge Road, Swain Road, Kemsing Close and Raymead Avenue

I refer to the parking consultation that took place in December 2025 and January 2026 in this area to ask for your views on possible parking controls. Following the results of the consultation it is recommended to introduce parking controls in the 7 roads outlined above, subject to formal consultation.

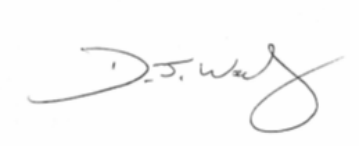

The enclosed Public Notice is a written description of the proposal, which gives notice of the Council's intention to introduce these controls. Details of the proposals including the Delegated Decision report outlining the results of the consultation, drawings showing the proposed parking bay locations and yellow lines, and on-line form, can be found on-line using the QR code below or weblink.

https://benshammanor.commonplace.is/

If you wish to comment or object to the proposals please respond by 24 September 2026 using the on-line form. Any relevant objections will be considered in a further Delegated Decision report and a decision made whether to proceed with the proposals as shown on the drawings, amend the scheme, or not to proceed.

Should you require clarification or further information please contact the Parking Design Team on parking.design@croydon.gov.uk .

Yours faithfully,

David Wakeling
Parking Design Manager
