

CITY COUNCIL Agenda Item # _____
Date: December 18th, 2024
Consent X Discussion ___ **Time Sensitive** ___
(outlined below)

SUBJECT: East State Street Reconstruction Contract #1

SUBMITTING DEPARTMENT: Public Works

RECOMMENDED ACTION: Authorize City Manager or designee (Director of Public Works) to execute the construction contract for the East State Street Reconstruction Contract #1 to the lowest responsive and responsible bidder.

RELATED COUNCIL GOAL/PRIOR ACTION: Build and Maintain Sustainable Infrastructure

EXPENDITURE REQUIRED: TBD

SOURCE OF FUNDS: ARPA & Bond

LEGAL REQUIREMENTS: N/A

BACKGROUND INFORMATION: Over the past year staff has been working to finish the final design for the East State Street Reconstruction Contract #1 Project. This project involves trenchless methods to install a storm pipe across the intersection of State and Main Street to limit the impacts to traffic and businesses. Also included within this project is storm water treatment practices which will treat the storm water from the phase II project along East State Street. The completion date for the phase I project is currently set for June 30th, 2024.

The project was advertised for bidding on October 28th, 2024 and bids are scheduled to be opened on Monday December 16th, 2024 at 10:00AM. Staff recently attend the Montpelier Business Association meeting and plans to go back in January to provide an update. DPW would like authorization to award the contract to the lowest responsible bidder in order to complete the work by the completion date listed above as we anticipate some materials to have long lead times associated with them.

SUPPORTING DOCUMENTS: Bid Tabulation by end of day Monday.

INTERESTED PARTIES: Public Works

CITY MANAGER'S APPROVAL:
