Works Update

Since our last newsletter we have progressed with the following activities:

- Works are underway for waterproofing the south link roof, annexe building roof and Civic Centre roof
- In the annexe Level 4, the rectangular and steel hollow section columns have been erected, throughout the core of the building and the lift shaft has been prepared for installation
- Window panels and rainwater pipes have been installed in the annexe building up to level 1

Annexe Level 4 RHS & SHS Steel Columns being installed

Civic Centre Level 4 roof, hot felt waterproofing

Works Update (continued)

Above: Brickwork on the 3rd floor has been completed

Above: Basement of Civic Screed has been poured

- Air conditioning duct work has been started in the Civic Centre building
- The old lift shaft has been filled in on every floor, with the new lift shaft cut and ready to be poured after which the steel frame for the new lift will be erected floor by floor
- Upstands on the roof of the Civic Centre have been cast, with brickwork on the upstands on level 3 now complete

Above: Upstands on the Civic Roof have been poured

Above: Steel Framing System (SFS) being installed at Civic Centre Building

Upcoming works

The following works will be happening at the Civic Centre site through February and March.

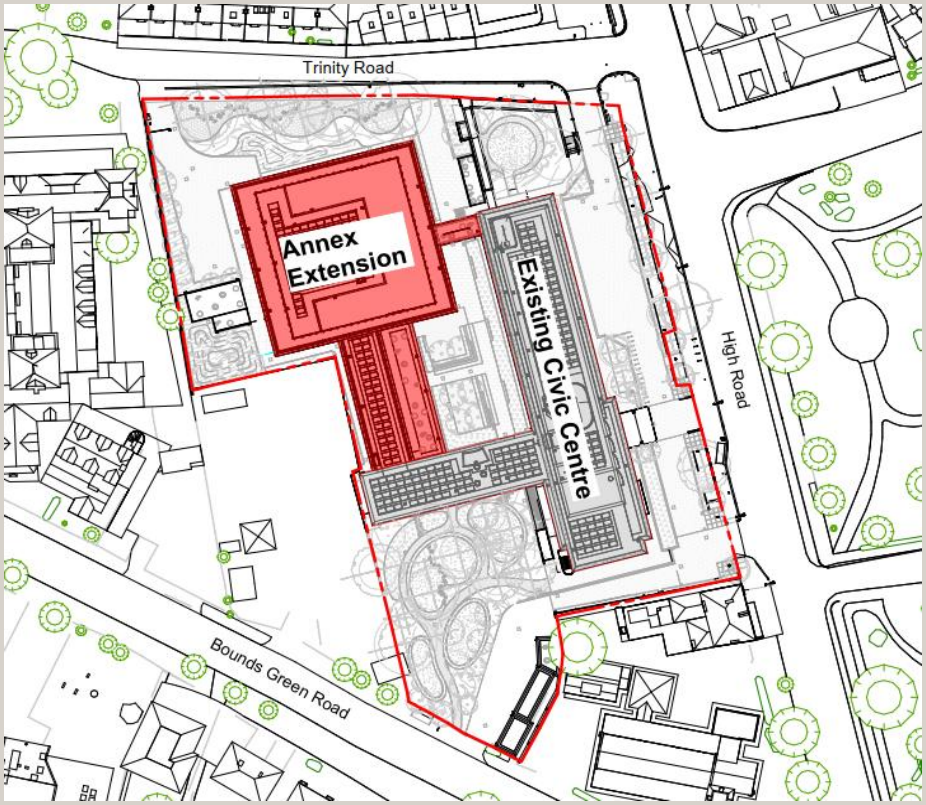

Some of the works will be visible from the streets around the Civic Centre but the majority of works will be internal.

ANNEXE

- Steel framing system (SFS) facade works will continue
- The brickwork on the annexe ground floor will near completion
- The window frames and windows will continue to be installed on the ground floor and level 1
- The steel beams on the roof and lift shaft are to be completed

EXISTING CIVIC CENTRE BUILDING

- New drainage runs are continuing to be installed around the existing Civic Centre
- Brickwork and SFS installation to be completed on new upstands
- Electrical and plumbing works will continue on all levels

The topping out ceremony to celebrate the construction of the highest point of the new building is scheduled to take place on the 3rd February.

Community Liaison and Social Value

A Christmas tradition which Sisk look forward to every year involves the donation of wooden toys which are made by our apprentice carpenters in Dublin to organisations close to the projects we are working on.

This year the recipients were Maya Angelou Rising Roots Family Hub, Triangle Family Hub, Woodside Children's Centre, Park Lane Children's Centre and West Team Children's Centre.

Above: Supporting the Wood Green Salvation Army

Above: Members of the Sisk Civic Centre team with the wooden toys

Sisk and the supply chain partners working on the Civic Centre project were also proud to support the Wood Green Salvation Army's Christmas toy drive.

Open Doors 2026

If you are interested in understanding more about construction and taking a tour of the Civic Centre site, then on **March 24th** and **27th** Sisk will be participating in the Open Doors Programme.

You can register your interest in joining us for one of these dates at **www.opendoors.construction**

Keep an eye on the Haringey Works pages for all the upcoming employment opportunities with us at **(https://works.haringey.gov.uk)**

We have been capturing time lapse videos of the project progression which you can see every month through the Haringey Civic Centre website or through scanning the QR code below

Site working hours: 8am to 6pm on Monday - Friday
8am to 1pm on Saturday
