Speed Reduction – D3000 Cemetery Pales, Brookwood, Surrey.

Speed Limit Reduction from 60mph to 40mph on the D3000.

Cemetery Pales, from a point approximately 50m southwest of the junction with A322 Bagshot Road to a point approximately 170m northeast of the junction with D48 Chapel Lane. A distance of approximately 0.7 miles (1.1 km).

Statement of Reasons

It is proposed to reduce the existing 60mph national speed limit to a 40mph speed limits within the sections of highway detailed above.

Surrey County Council engineers raised concerns about various collisions and vehicle speeds within the D3000 Cemetery Pales. Analysis of Killed and Seriously Injured (KSI) collision data has been undertaken, highlighting 1 fatal, 2 serious and 1 slight injury collisions within the latest 36 months of available data. A speed limit assessment has been carried out on the D3000 Cemetery Pales, following the processes set out in Surrey County Council's Policy for Setting Local Speed Limits. A reduction of the speed limit to 40mph on the D3000 Cemetery Pales complies with the policy and is supported by Surrey Police and the Local Members.
