Dear Local Resident,

We would like to wish all residents a very Happy New Year and hope you had an enjoyable and restful festive period.

Since returning to site in early January, works have continued to progress well. Over the past month, our focus has been on the ongoing formation of the foundation ground beams, which will continue throughout January. This work is an important step in preparing the structure for the next phase of construction.

Looking ahead, we will be getting ready for the installation of the ground floor, which is scheduled to commence during the week beginning 2nd February.

We would also like to make residents aware that the refuse and recycling bins have now been relocated to a temporary position at the front of the estate and we appreciate your cooperation while this temporary arrangement is in operation.

If you have any queries whatsoever regarding the works or the site, please do not hesitate to contact Vasyl. Alternatively, you can contact our Resident Liaison Officer, Nicola McCalla, on 01268 711117.

Finally, we would like to remind residents that building sites can be dangerous places. We kindly ask for your cooperation in reminding any children in your care of the dangers of playing on construction sites and the importance of keeping well away at all times.

Thank you for your continued patience and cooperation as works progress.

## 24 Hour Emergency

**In the event of an out of hours emergency or if you spot something untoward on site, please telephone 01268 436 449 and you will be diverted to a team member who will be able to assist.**
