SUMMER 2025 PROJECT UPDATE

A NEW SELBY CENTRE: A VARIETY OF FACILITIES 5

ADAPTABLE AND VARIED SPACES

A welcoming entrance provides a flexible 'welcome space' including a reception, community cafe and co-working. This offers a zone for gatherings and events, extending from the community hall.

Workspace and office areas have been designed to allow for different space arrangements to suit different needs and depending on user preferences including private, semi-private and open plan layouts.
