Alexander James Contracts Ltd

/BOYTON ROAD/

Haringey LONDON

Haringey Council make it a priority for all contractors to put resident safety and wellbeing first. As part of our commitment, we are proud members of the Considerate Contractors Scheme, which promotes respectful and responsible construction in our communities.

THE PROJECT

The project is part of Haringey Council's ambitious plan to build 3,000 new council homes by 2031. The Boyton Road development consists of 15 one, two and three-bedroom homes, including one wheelchair accessible home.

There will be enhanced landscaping, play facilities and nine replacement parking spaces.

UPCOMING SCHEDULE OF WORKS

- Drainage Works
- Raft Slab Reinforcement
- The crane installation
- Cement pours & shuttering
- Brick and block works

- Scaffolding installation

Meet the Contractor

Come and meet the team!
Bedale House

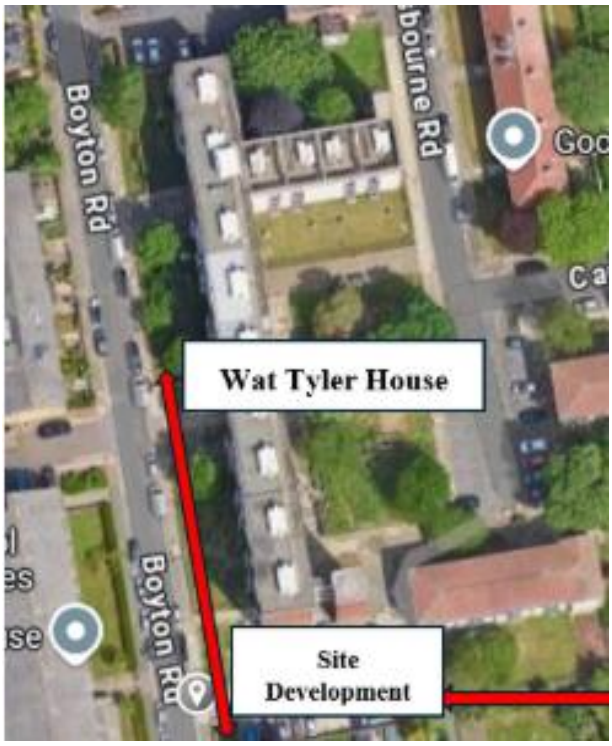

Thursday 26th June 2025

2pm to 4pm

We are pleased to share that the noisiest phase of the construction is now complete. This included breaking up and removing the hard-standing surface, as well as clearing rubble and carrying out piling work. Pile caps and ground beams have now been installed, laying the groundwork for the upcoming concrete pours, and reinforced shuttering. Looking ahead, a crane and scaffolding will be erected to support the next phase of the build. Following this, brick and block will begin to form the main structure of the development. We thank you for your continued patience and understanding as the project progresses.
