Heritage & Conservation

Heritage Significance (Grade II Listed)

The Civic Centre was designated Grade II listed in 2018 following plans to refurbish the 1958 building for a new use within the Haringey Council.

Montagu Evans (Heritage Consultants) produced a survey of heritage significance to identify areas of particular interest in relation to the listed designation as well as recent additions to the interior of the building which offer no heritage value.

This report identifies areas of medium & high significance as being:

- Registrars offices
- Entrance hall
- Council chamber
- Committee rooms & the West wing
- Cellular office spaces with good quality original joinery within the North wing
