**Parks, Recreation & Culture \* Fees as of January 1, 2025\***

General Mark-Up Rate	The General Mark-Up rate for inventory sold at the Breakaway is generally to be no lower than a 40% profit margin. As often as practicable, the General Mark-Up rate on items will be charged at a premium for convenience of between 50 - 80%. Considerations that deviate from this rule include ensuring competitive pricing based on vendors leasing within the Facility only as dependent upon negotiated agreements, and maintaining consistency within categories (i.e., tea and coffee cost the client the same, despite the discrepancy in price for acquisition). Complete cost recovery will always be achieved.
Statutory Holidays	Statutory holidays are considered Prime and therefore charged out at the Prime rate for all bookings. When the rental will result in additional costs (i.e. custodians, customer service clerks, lifeguards, extra set-up/take-down, etc.) these costs will be minimized where possible (by performing work before or after the stat, for example) but all extra charges will be added to the total rental fee at 100% cost recovery.
Charity Event Rate	Will be discounted at 50% of the applicable regular rate for the non-profit group. A "charity event" is considered an event organized by a registered charitable organization where the event is explicitly and solely servicing the goals of that charity and is intended to raise funds for the same charity with 100% of any proceeds going to the applicable charity.
Pre-Payment	Payment at time of facility booking will be a minimum of 50% required up front from all clients on contracts at or above \$250, not including regular programming as reflected in the Ice Map and/or Drop-In Swim Schedule. In cases where clients are either new to the facility or have not executed a new contract with the facility in the past two (2) calendar years, 100% of the booking value will be required at time of booking.
Requests for Waiving Fees	Administration will not waive fees but can work cooperatively with organizations on joint programs where there is clear proof of benefit. All requests for joint initiatives will be presented to the Parks, Recreation & Culture Manager for approval. Exceptional requests may be forwarded to Council for decision (or a designated board/committee for its recommendation to Council). Council may waive fees when a funding source that is equivalent to the total fees waived has been approved by Council through: <ul style="list-style-type: none"> <li>• A budget amendment process;</li> <li>• A service area or service level reduction process;</li> <li>• Some other funding source as approved by Council; or</li> <li>• Any combination of the aforementioned.</li> </ul>
Lease Rental Rates	Determined by the applicable Lease Agreement. *Concession rental availability is determinate upon the terms of the operating lease.
