Scheme 1: Capacity improvements on Goose Green Way to ease traffic and congestion

Scheme 3: Making it safer to walk or cycle to Brimsham Green School and Yate town centre

Parents and pupils at Brimsham Green school have told us about issues which make it harder for them to walk or cycle to school. And people living to the north of Yate have asked for better and safer options to allow them to get to the town centre leaving their car behind. The improvements would include:
- new sections of path between Ladden Garden Village and Brimsham Green school,
- a new pedestrian crossing at the south end of Randolph Avenue,
- a new diagonal crossing at the Broad Lane and Greenways Road junction to allow pedestrians to cross both roads in one go,
- widening the existing off-road route along Goose Green Way to separate cyclists from people walking,
- a new pedestrian crossing on Station Road to allow easier access to Yate town centre.

Scheme 4: Investigate junction signalisation at Southfield Way/Wickwar Road to improve safety and ease delays for drivers

We are seeing lengthy delays on Southfield Way at peak times with drivers looking to turn onto Wickwar Road struggling to find gaps in traffic. This has led people to attempt unsafe manoeuvres, increasing the risk of accidents. We are therefore proposing to investigate new traffic signals at the junction between Southfield Way and Wickwar Road to ease congestion and improve road safety.
