The Square/The Drive

At this site, we are planning to plant approximately 14 standard trees (larger trees, approximately 6 to 8 ft tall), the locations of which are shown in the above map, where yellow points represent standards. Standard tree planting will occur over the next couple of years.

Pendas Field Community Centre

At this site, we are planning to plant approximately 26 standard trees (larger trees, approximately 6 to 8 ft tall), the locations of which are shown in the above map, where yellow points represent standards. Standard tree planting will occur over the next couple of years.

Whinmoor Park

At this site, we are planning to plant approximately 412 whips (small saplings), the locations of which are shown in the above map, where blue shapes represent whip planting which will take place this winter from November to February. In addition, we are planning to plant 14 standard trees (larger trees approximately 6 to 8ft tall), the location of these are yellow points. Standard tree planting is planned to occur over the next couple of years.

Whinmoor Way

At this site, we are planning to plant approximately 335 whips (small saplings), the locations of which are shown in the above map, where blue shapes represent whip planting which will take place this winter from November to February. In addition, we are planning to plant 9 standard trees (larger trees approximately 6 to 8ft tall), the location of these are yellow points. Standard tree planting is planned to occur over the next couple of years.

Glebelands Recreation Ground

At this site, we are planning to plant approximately 1 standard tree (larger trees, approximately 6 to 8 ft tall), the locations of which are shown in the above map, where the yellow point represents the standard. Standard tree planting will occur over the next couple of years.
