

Have your say!

Many London boroughs, including Haringey, are adjusting the number of school places available because there are fewer students.

We're proposing to reduce the number of school places at four schools due to falling birth rates, more families moving out of the borough, and changes to class size arrangements for some of our secondary schools.

We're asking for your feedback on our proposed admissions arrangements and planned admission numbers for 2027/28 academic year.
