HAMILTON AVENUE AREA SEWER REPLACEMENT

FIGURE
1

Project Objectives

Extend life of the sewer system by replacing existing sewers

Reduce maintenance and service calls in the area

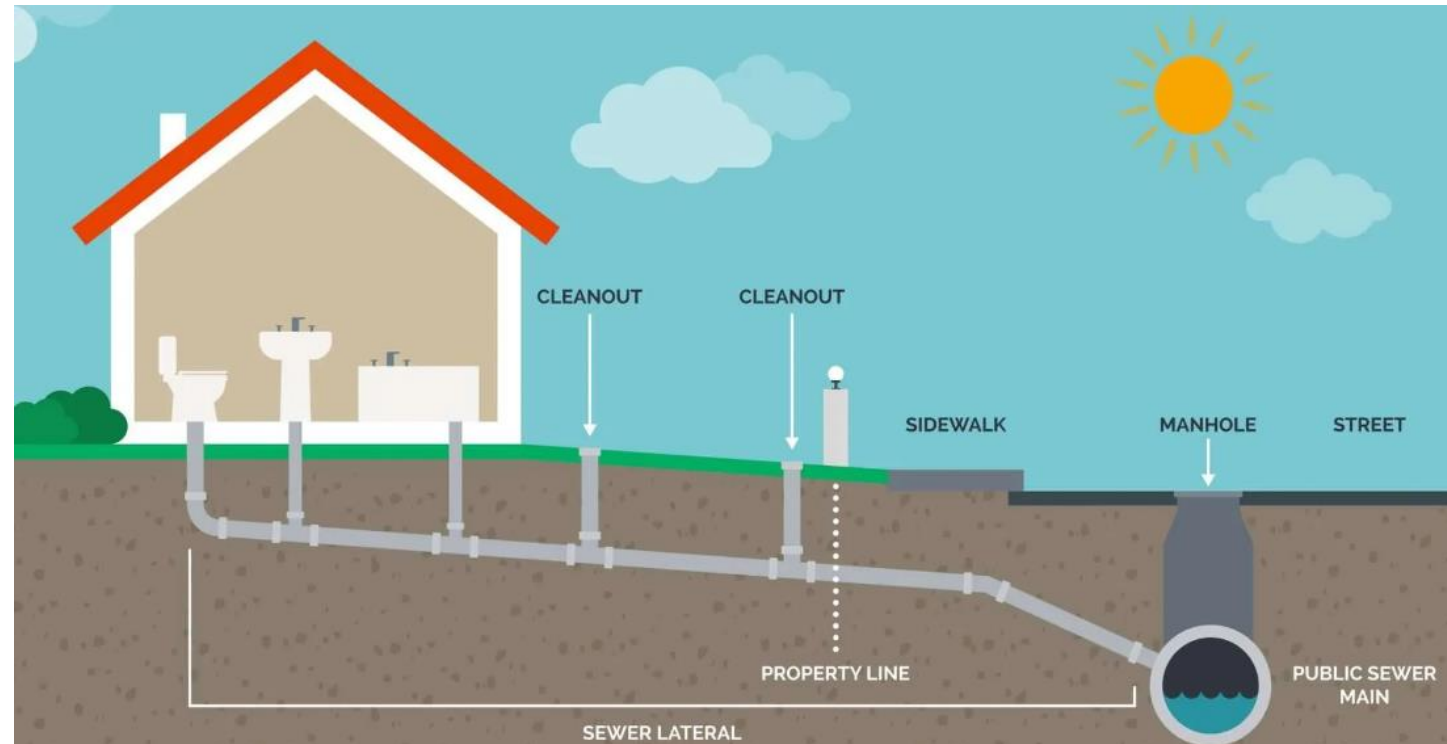

Eliminate use of sewers in residential backyards

Project Design

**New sanitary sewer in Hamilton Avenue,
Moore Street and Walnut Lane**

**New sewer lateral connections with
cleanouts to all property lines**

Rights of Entry

- **A Right of Entry Agreement, Cover Letter, and Project Area Figure will be mailed to every property owner where work is proposed on private property.**
- **Copies or blank forms are available upon request.**

Any lawn, plantings, or landscape feature disturbance will be repaired to preconstruction conditions

Anticipated Schedule

- **Anticipated construction start May 2025**
- **Anticipated completion September 2025**
- **Preconstruction neighborhood meeting Spring 2025**
- **Monday - Friday only**
- **Work hours TBD**
- **No holiday work**
- **Anticipated Municipal Road Improvement Design Project 2025**
