Housing

Assistant Director – Robbie Erbmann

Haringey LONDON

Date: 09 Aug 2021

Our ref: Stainby-Road/Residents

Dear Resident,

New council rent homes at Stainby Road, N15

We are writing to let inform you that Haringey Council has received planning permission to build two new council rent homes at Stainby Road as part of our ambitious plans to deliver a new generation of affordable housing for local residents. We would like to thank all those residents who gave us their views and ideas during our consultation and engagement programme with the local community about these proposals.

The approved plans are for a location currently occupied by a car parking area on Stainby Road, please see the image overleaf. The proposals include approval to:

- Build two council rent homes.
- Provide new trees, repaving of walkways and green landscaping to the area.
- Remove seven existing car parking spaces on the site.

We are anticipating that work will begin in September 2021 with a projected completion date of May 2023. During the next few months, residents in the streets around Stainby Road, will receive:

- An introduction letter from the contractors appointed to build the homes which will include more information about the intended works for the site.
- A letter from Haringey Council outlining details of the suspension of the parking bays currently on the site. Please do note that the area will be enclosed with hoarding during September in preparation for the beginning of construction of the new homes.

If you have any questions or need to access this information in a different format, please do contact me.

Yours faithfully,

Sophia Louise Abdellahi
