Finance & Resources

Director of Delivery – Robbie Erbmann

Date: 30 April 2025
Our ref: Parkland Walk – no step-free access

Dear Resident,

Temporary closure of Parkland Walk subway means no step-free access to/from Parkland Walk at Muswell Hill Road until around 6pm on Thursday 1 May 30)

The council is building 32 new council homes and 9 homes for private sale at 100 Woodside Avenue. Our contractor for the new homes is Formation Design and Build Ltd. You can find out more about the project at: https://cranwood.commonplace.is or scanning this QR code.

Scan this QR Code for our 100 Woodside Avenue (Cranwood) website

The Parkland Walk subway under Muswell Hill Road is temporarily closed to enable Formation Design and Build Ltd to safely install a gantry system above the Parkland Walk. The gantry system will house their site office and welfare facilities for the duration of the construction.

The installation of the gantry system is unfortunately taking slightly longer than planned, and so the Parkland Walk will now be re-opened before close of business (around 6pm) on Thursday 1 May. However, this means that is **currently no step-free access to/from the Parkland Walk.**

(Once the new homes are built, the Parkland Walk will be fully reinstated.)

We do apologise for any inconvenience caused and thank you for your understanding and cooperation during the installation works.

With kind regards,

Barry
