Young Ecologists Helping Surrey's Nature

Take our Young Ecologists quiz

Surrey is home to amazing wildlife and beautiful landscapes. This nature is vital in contributing to our health and wellbeing. It also has many positive impacts on the environment.

Surrey's nature needs everyone's help to stay well and thrive. Our free, online quiz lets young Surrey residents have their say on our plan for Surrey Nature Recovery in a fun and educational way.

Follow the wildlife guides through a series of wonderfully wild challenges and learn about ecology and how we are restoring habitats to 'bring nature home'.

A perfect summer holiday activity for all ages.
