Length of double yellow lines on Glebe Road to be reduced to increase on-carriageway parking capacity

Proposed raised table to be introduced to reduce vehicle speeds on approach to junction and to provide a continuous level surface for pedestrians crossing

Footway to be widened, resurfaced and drainage improvements to be reviewed. Bollards to be installed to prevent parking on the footway.

Kerbline to be built out into the carriageway and footways widened. Give Way line to be re-aligned to align with new kerbline and to improve visibility for road users exiting Glebe Road.

Vehicle crossover to enable access to parking on private land outside of the launderette

Bollards to be installed to prevent parking on the footway

Marked parking area

Glebe Road

Thorpe Lea Road

Thorpe Lea Road

Crossways

Notes:

Footway parking provides an obstacle for pedestrians and reduces accessibility, especially for disabled users.

Existing crossing point. To be provided on a raised table.

Key:

- Carriageway
- Footway (and opportunities for planters in widened footway space)
- Vehicle crossover
- Grass verge
- Tactile paving (buff)
- Private land
- Existing kerbline to be removed
- Double yellow lines - existing coverage to be maintained
- Double yellow lines to be removed
- Bollard
