No formal crossing point at the junction and wide carriageway creates challenges for pedestrian movement

Existing three-way zebra crossing may cause confusion for pedestrians and drivers

Aged materials and no clear distinction between pedestrian and vehicle space

Multiple junction crossings create barriers to step-free access

Congested footways and limited public space detract from the pedestrian and retail experience

Pedestrian crossing does not align with entrance to gardens

Congested footways and limited public space detract from the pedestrian and retail experience

Current road width is very wide and does not have a defined safe route for pedestrians to cross over to the gardens

Narrow footways, limited pedestrian crossing opportunities and confusing lane arrangement

Existing crossing arrangement may cause confusion between pedestrians and drivers

Existing crossing points provide limited capacity for pedestrian volumes in this area
