Subject Matter:

Background (problem/explanation):

This ordinance would formalize the name change of Elm St within the City of Lebanon to Route 66. This change would impact certain residences and businesses located along Mill Creek Rd between the current Route 66 and Booton Ave as well as all businesses and residents along Elm St from Booton Avenue west to the City Limits. All residents with an official Elm Street address were notified by the City of Lebanon of the proposed name change in December 2025 and invited to attend a public hearing on January 26, 2026. No opposition was presented on that date. On February 9th, 2026 via Resolution #26-R-006, the City Council formally expressed its intent to change the name of Elm St. to Route 66 and directed the City Clerk to publish a notice in the public record of the City's intent to change the name of Elm Street and opening a 30-day public comment period for property owners along the corridor to officially protest the name change. Having received no written comments in opposition to the name change, city staff is recommending that the City Council formally change the name of portions of Mill Creek Rd and all of Elm St within the City limits to Route 66. This name change would become effective April 1, 2026, upon approval of this ordinance and a recording of the ordinance by the City Clerk at the County.

Staff Recommendation:

Staff recommend approval of this ordinance.

Submitted By: Troy Schulte, City Administrator

Department: Administration
