Dear Resident,

We are pleased to inform you that at the May 20<sup>th</sup>, 2026 Council meeting the following road repaving projects were approved by Council for the 2026 construction season:

- Banting Drive – Highway 17 to McElligott Drive
- Huron Street – Rutherford Avenue to Ridge Road
- Alder Crescent – Ridge Road to Laurier Avenue (House # 67-41)
- Glendale Avenue – Algonquin to Hillcrest

At this time, construction schedules and start dates have not yet been finalized. This letter is intended as an early notification that your household is part of one of the above construction zones, and additional updates will be provided as more information becomes available.

As with most road reconstruction and repaving projects, residents can expect temporary inconveniences during construction, which may include:

- Temporary driveway access restrictions
- Excavation and restoration at the end of driveways
- Temporary lane closures or detours
- Increased construction traffic, noise, and dust
- On-street parking restrictions during active work periods
- Possible interruptions to garbage/recycling pickup locations

Every effort will be made to minimize disruptions and maintain access to homes whenever possible.

We appreciate your patience and cooperation as these important infrastructure improvements are completed. Further notices will be distributed once timelines, and construction details are confirmed.

Sincerely,

David McCarthy

Director of Operations
