Study Area

Purpose, Objective, and Goals

- **Purpose**

- Create a comprehensive and practical planning document that guides and promotes future development of the corridor and surrounding area.

- **Objective**

- Develop a realistic preferred alignment for Bill Nye Avenue between 3rd Street and 15th Street.

- **Goals**

- Promotes safety
 - Minimizes long term maintenance
 - Sensitive to current function and property owners
 - Serves all transportation users (bicycles, pedestrians, freight, passenger cars, buses, etc.)
 - Facilitates inner City connectivity
 - Encourages economic development

Why left hand turn lane? doesn't seem to
be a lot of left hand turns on the street.
maybe use the left hand turn space on either
side for extra green space.

Too much congestion. A lot of safety concerns. Russell and Spring Creek Drive have a lot of traffic today. With this addition it would be almost bumper to bumper.

Additional Comments

Do you have any additional ideas, information, or other comments that you would like to provide at this time?

I am concerned about the rate of speed on such a long roadway - perhaps speed bumps @ pedestrian intersections?

Bicycles are very seasonal in Laramie. Not sure how many bikes would use this roadway as far as it is from UW & downtown.

It is very hard to walk on this gypsum - retains water, slippery - not sure the diagonal strip along Corona Pl. Page would be used. If sidewalk along Spring Creek is green belt, then ok - otherwise, there is already a sidewalk on the N side of Spring Creek from 5th to 9th.

good due to proximity to elementary school.

Needs a large bridge to cross Spring Creek. Traverses an area where locals walk their dogs (poledna lots). Don't like thoroughfare coming so close to residences on S. 4th, S. 5th, & Spring Creek Dr. I do see, however, where this roadway is less intrusive to businesses. There is already a large space between the "modular" & the old Texaco (now a Jack? Shop) on E. 3rd & good access to Sushi, Motel 8, & Corona Village.

Too complex within close proximity of I-80 off/on.
Worried about semis (Southland) needing to ^{enter} ~~exit~~ off
I-80 & cross car lanes due to wide turns semis
need. Cheyenne roundabout ~~is~~ pushing by VA hospital
is MISERABLE. Vandehai exit (for less traffic) is fine.
I do not think this will be a wise decision here
(pushing in Cheyenne = accidents up; degree of damage
per wreck down.)
