PROJECT DESCRIPTION

Scope of Work:

- Creating a foundation for the new bricks
- Bricking a two-block segment of East 7th Avenue

PROJECT BENEFITS

- Traffic calming on a major roadway
- Improve the historic nature of the district.
- Improvements enhance the area's walkability.

Tampa CRA Goal(s): Connectivity, Quality of Life

Bricking the street can result in reducing the speeds of vehicular traffic on the road. This can make the street safer for pedestrian and non-car traffic, improving opportunities for walking and biking, thus increasing physical activity.
