Getting About in Yate

We want to improve your town by making it easier to get around, whichever way you travel. Government funding has become available to make improvements and through Getting About in Yate we want to work with you to use this money to help make your town healthier, safer and easier to access.

We want our proposals to be informed by your local knowledge, needs and priorities. Please use this survey as an opportunity to tell us how you travel around Yate, what would make it easier to walk, wheel (use a wheelchair) and cycle more, and share your ideas.

There is always more that can be done, but with this funding we've focused improvements on neighbourhoods where there is greatest potential to make a positive difference. The neighbourhoods include:

We are also looking to make it easier to get from the north of Yate to the train station by creating a new cycle route connecting these areas. We have identified two potential routes and would like to know which option you would prefer to see.

Option 1 - Orange Route: This would be a new route along Greenways Road and Cranleigh Court Road which would be separated from road traffic. This would also include improved crossing points and changing the design of side road junctions to improve safety for pedestrians and cyclists.

Option 2 - Blue Route: This would involve improving the existing off-road path between Broad Lane and Milton Road to make it suitable for cycling as well as walking and improving crossing points. The route would then continue along Milton Road which is considered a 'quiet' street suitable for cycling on road.

Q8 Which option would you prefer?

- [ ] Option 1 (orange)
- [ ] Option 2 (blue)
- [ ] Not sure/No Preference

Q9 Can you please explain why you chose that option?
