21 March 2023

Dear Sir/Madam,

Morley Avenue – Construction Works Update

I am writing to provide you with an update on the construction works for the house we are building for Haringey Council on the land adjacent to 200 Morley Avenue. This new council home is being built as part of the borough's ambitious plans to deliver a new generation of council homes for local residents.

The foundations of the new homes have been successfully installed and we are now working to complete works on the drainage system for the new home. The next stage of works will be the brickwork and timber frame installation that will form part of the home's structure. To help put this in place, we will be erecting scaffolding around the perimeter of the new house over the course of the coming weeks. This will involve scaffolding being placed in an alleyway alongside the property which is on land owned by Haringey Council.

There will be no access to the alleyway from **Wednesday 29 March 2023** until **Saturday 30 September 2023.** Please see the diagram opposite where the alleyway area is highlighted in yellow.

We would like to thank everyone in the area for their understanding during these works. We are now expecting these homes to be completed by the end of the autumn 2023. Should you have any queries or concerns, please contact me on 07841 024 603 or ssutherland@nfchomes.co.uk and engagement@haringey.gov.uk

Thank you in advance for your cooperation and understanding during these works.

Yours sincerely,

Sandy Sutherland, Director,
