27th Feb 2026

Jansons Road Scaffolding Installation

Dear Resident,

I am writing to inform you that scaffolding will start to be erected around the boundary of the site marked up in the dotted red line on the plan overleaf; the scaffolding will extend onto the memorial garden in an isolated area as shown on the plan overleaf. The scaffolding will be protected by temporary fencing to provide security to the scaffolding and site.

Every effort will be made to protect any existing shrubs within this area for the duration of the works by use of protective sheeting, and the area will be fully cleared and made good upon completion of the development.

We anticipate that the scaffold installation will commence on week commencing **Monday 16th March 2026 and will remain in place until early September 2026.**

(Refer to the diagram on opposite page)

We will make every effort to ensure that disruption is kept to a minimum while these works take place. The contractors involved are fully briefed on site conduct and safety procedures, and will work respectfully and professionally throughout the period of works.

If you have any questions or concerns regarding the scaffolding or any other upcoming works, please do not hesitate to contact us. The Site Manager Nicolae Marian is based on site at the Jansons Road site office to answer any immediate concerns, on 07989194738. Alternately our Resident Liaison Officer Carley Saunders can be contacted by mobile on 07718 937181, office: 0208 9615555 or by email on: carley@alexanderjamesltd.co.uk

We appreciate your understanding and cooperation during this time.

Kind regards,

Brendan Rooney
Contracts manager
