

LOCAL OPTION SALES TAX

COMMISSIONER DISCUSSION

Updated October 6, 2025

PROCESS OVERVIEW

-
- Citrus is one of **67** counties in Florida.
 - Of those 67, Citrus County is the ***only*** county in Florida that has never had a Local Option Sales Tax in place.
 - The only other county without a Local Option Sales Tax currently in place is Collier County (Naples/Marco Island).
 - All eligible purchases in both counties are currently taxed at **6%**.

-
- Process outlined in Section **212.055(2)**, Florida Statutes.
 - Up to **1%** may be levied for local use on top of the state sales tax (**6%**).
 - No state restriction on duration of levy, though ballot may contain a sunset provision. **10-year+** sunset typically allows for bonding revenue.
 - Referendum must receive more than **50%** of votes in a general election.

-
- Local sales tax applies only to the first **\$5,000** of a major purchase.
 - Like the state sales tax, it would not apply to necessities such as groceries, prescriptions, medical services/devices, etc.
 - Could generate an estimated **\$25 million** per year.
 - **20-25%** of revenue could be paid by visitors to Citrus County.

WHAT'S A PENNY WORTH?

Total 1% Collections:	\$25,000,000	100%
Citrus County	\$23,372,500	93.5%
Crystal River*	\$504,250	2.0%
Inverness*	\$1,123,250	4.5%

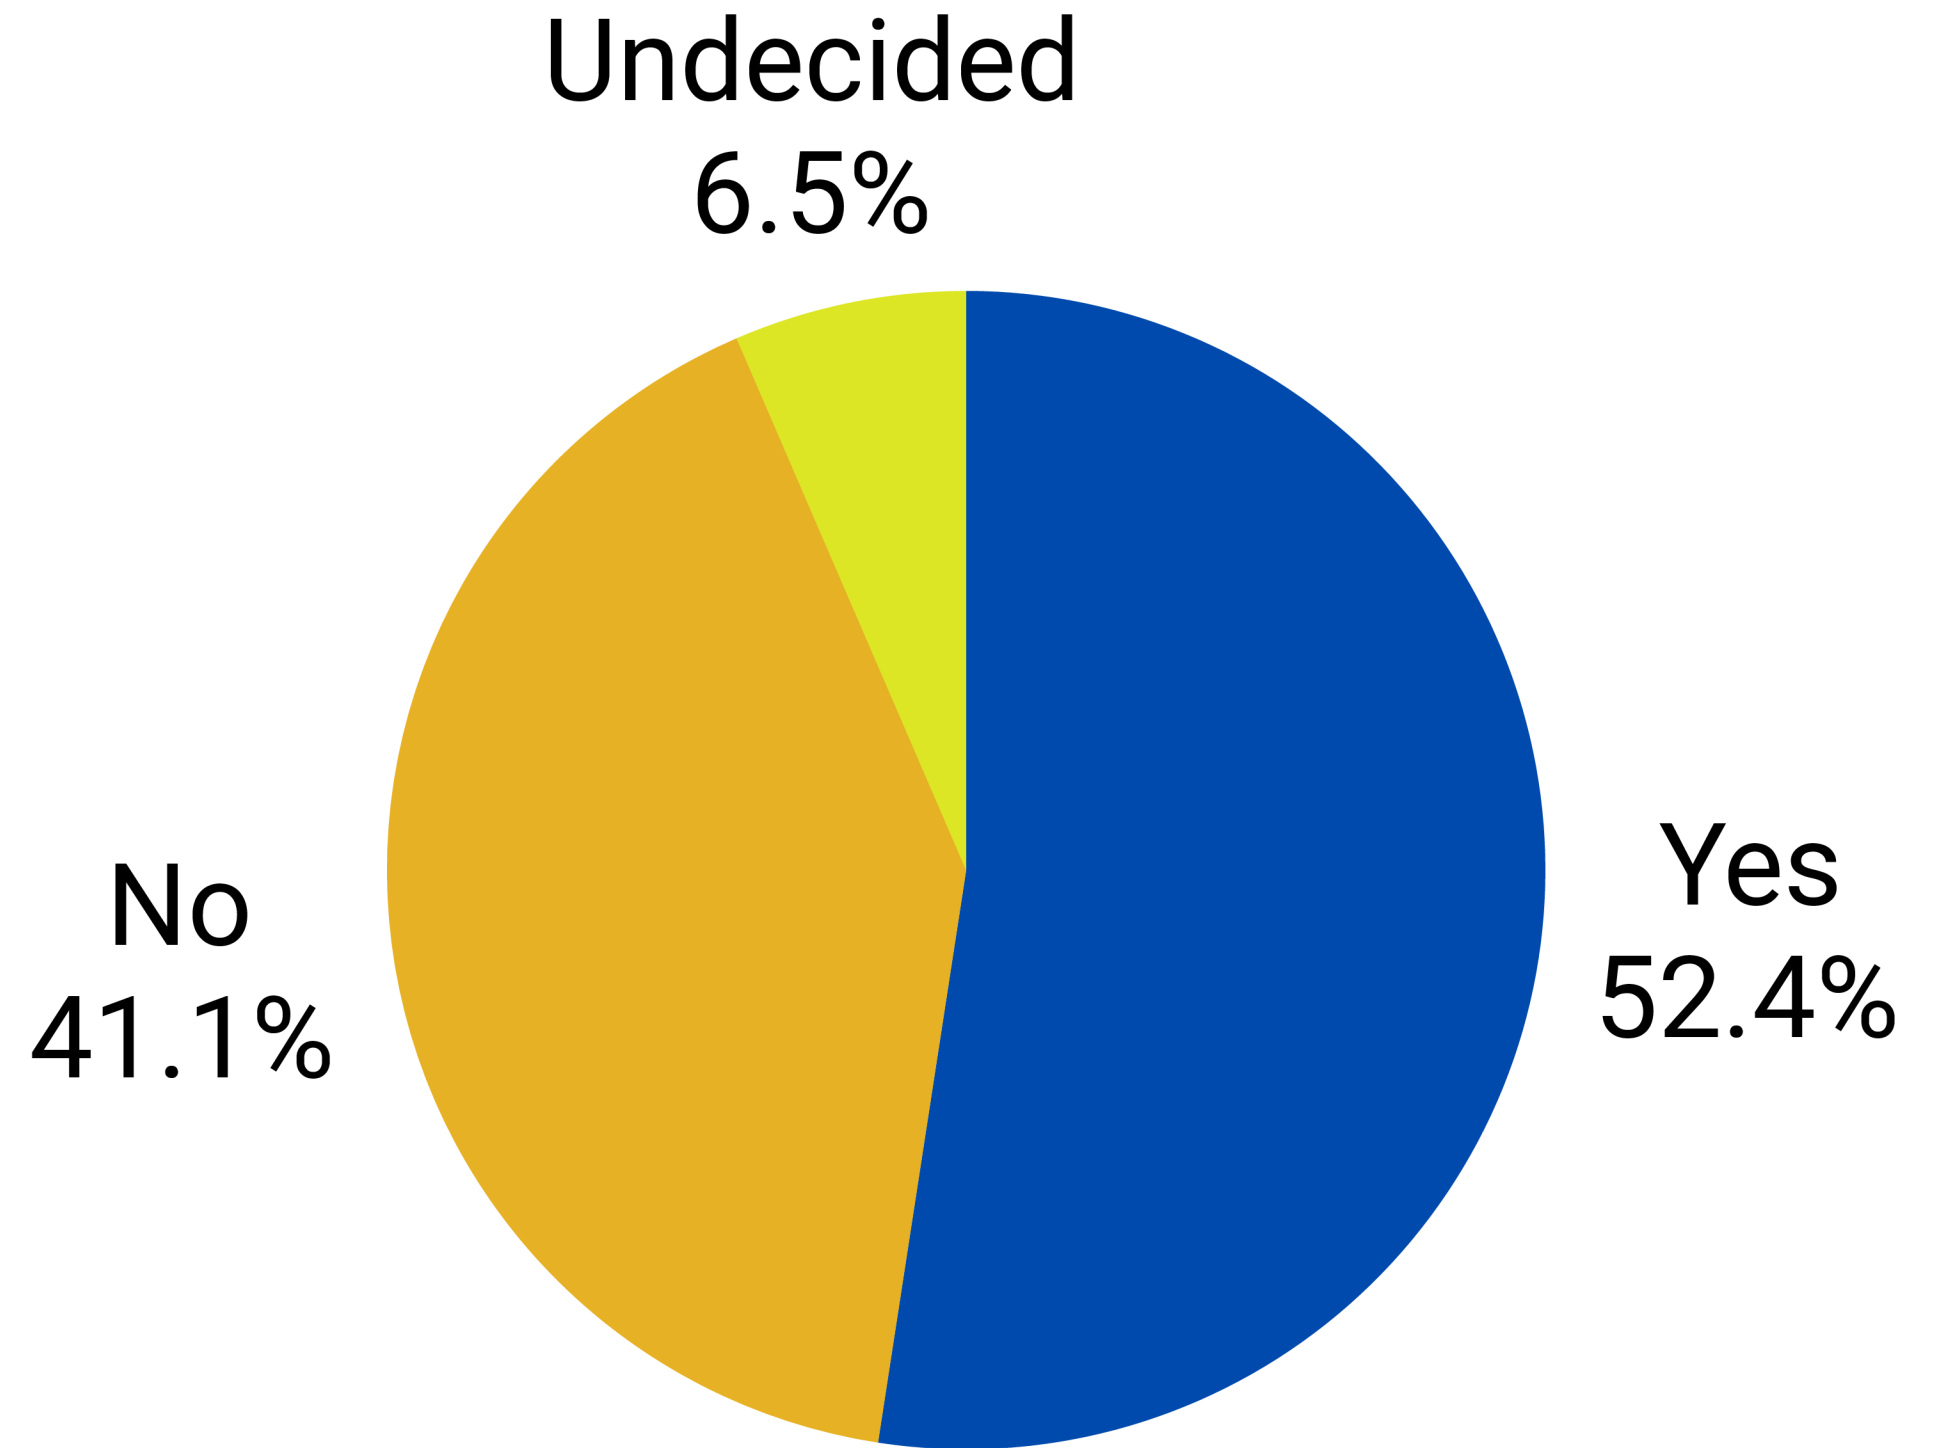

** Amounts based on population (statutory formula).*

- City shares may be adjusted through Interlocal Agreements.

2ND ROUND SURVEY RESULTS

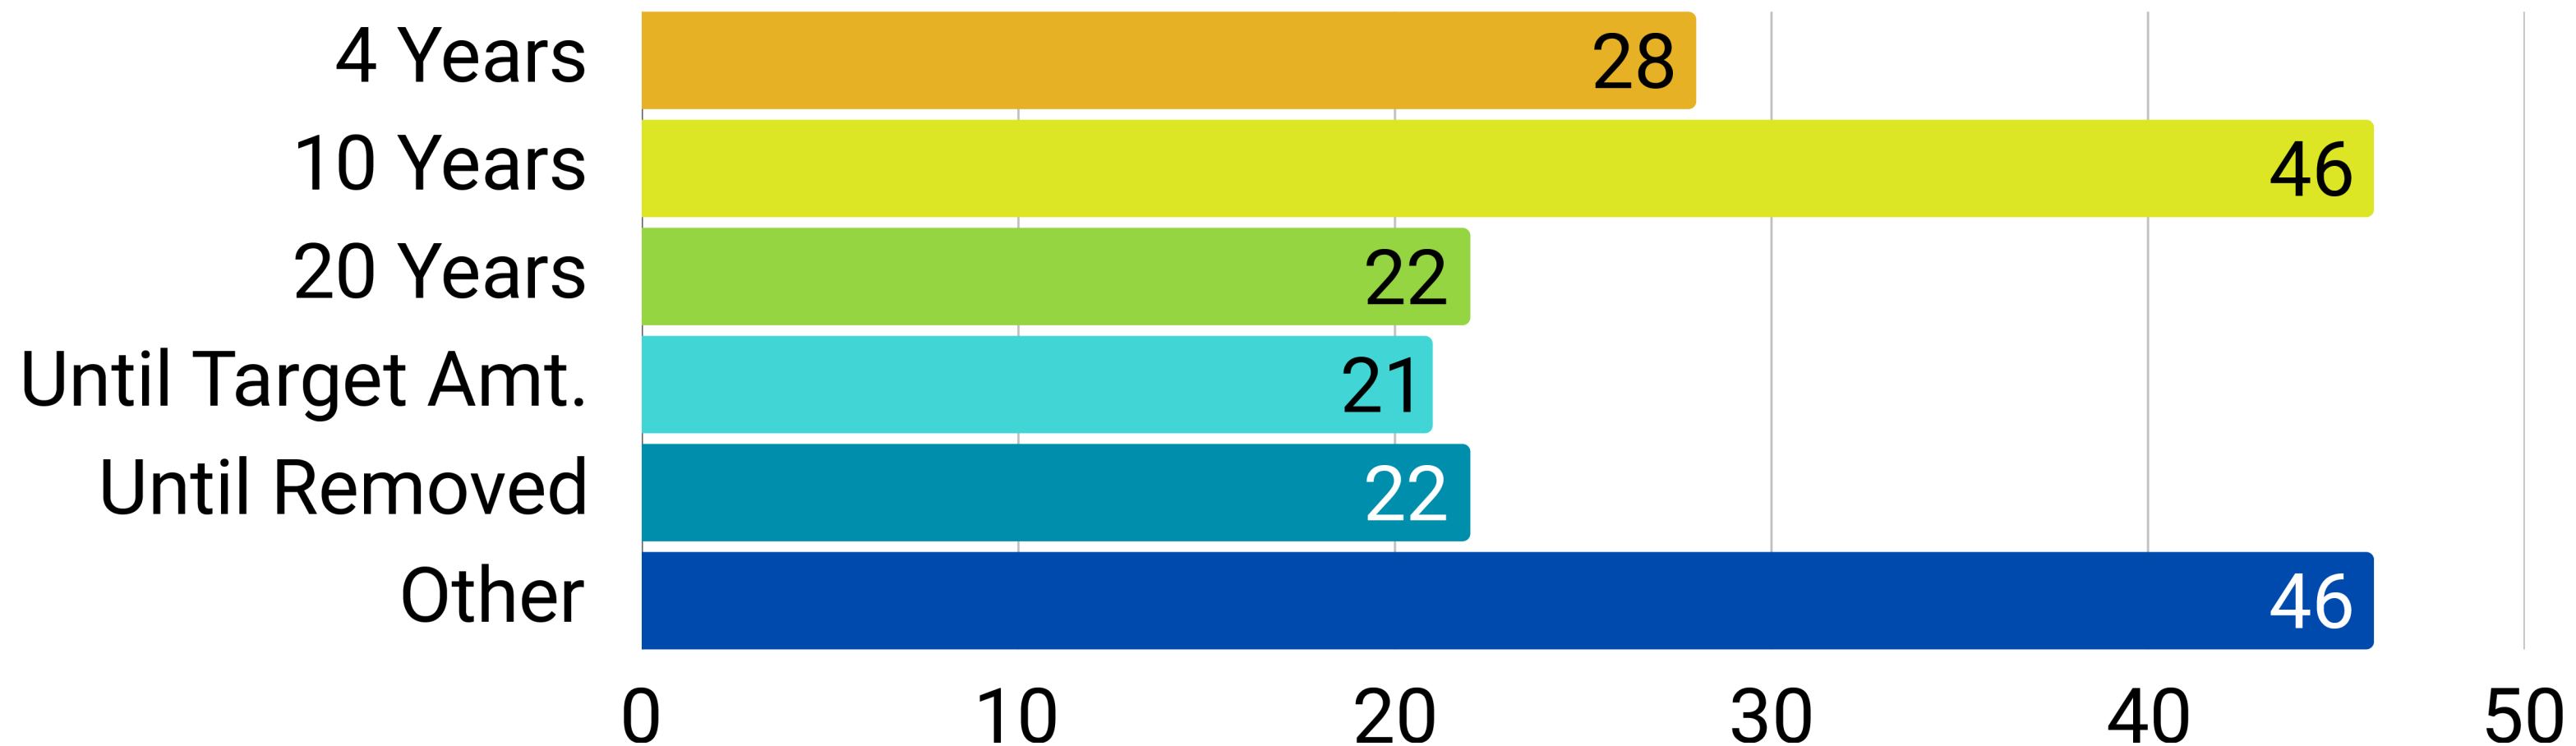

2ND ROUND LOCAL OPTION SALES TAX SURVEY RESULTS

Would you consider voting
for a 1% Local Option Sales Tax?

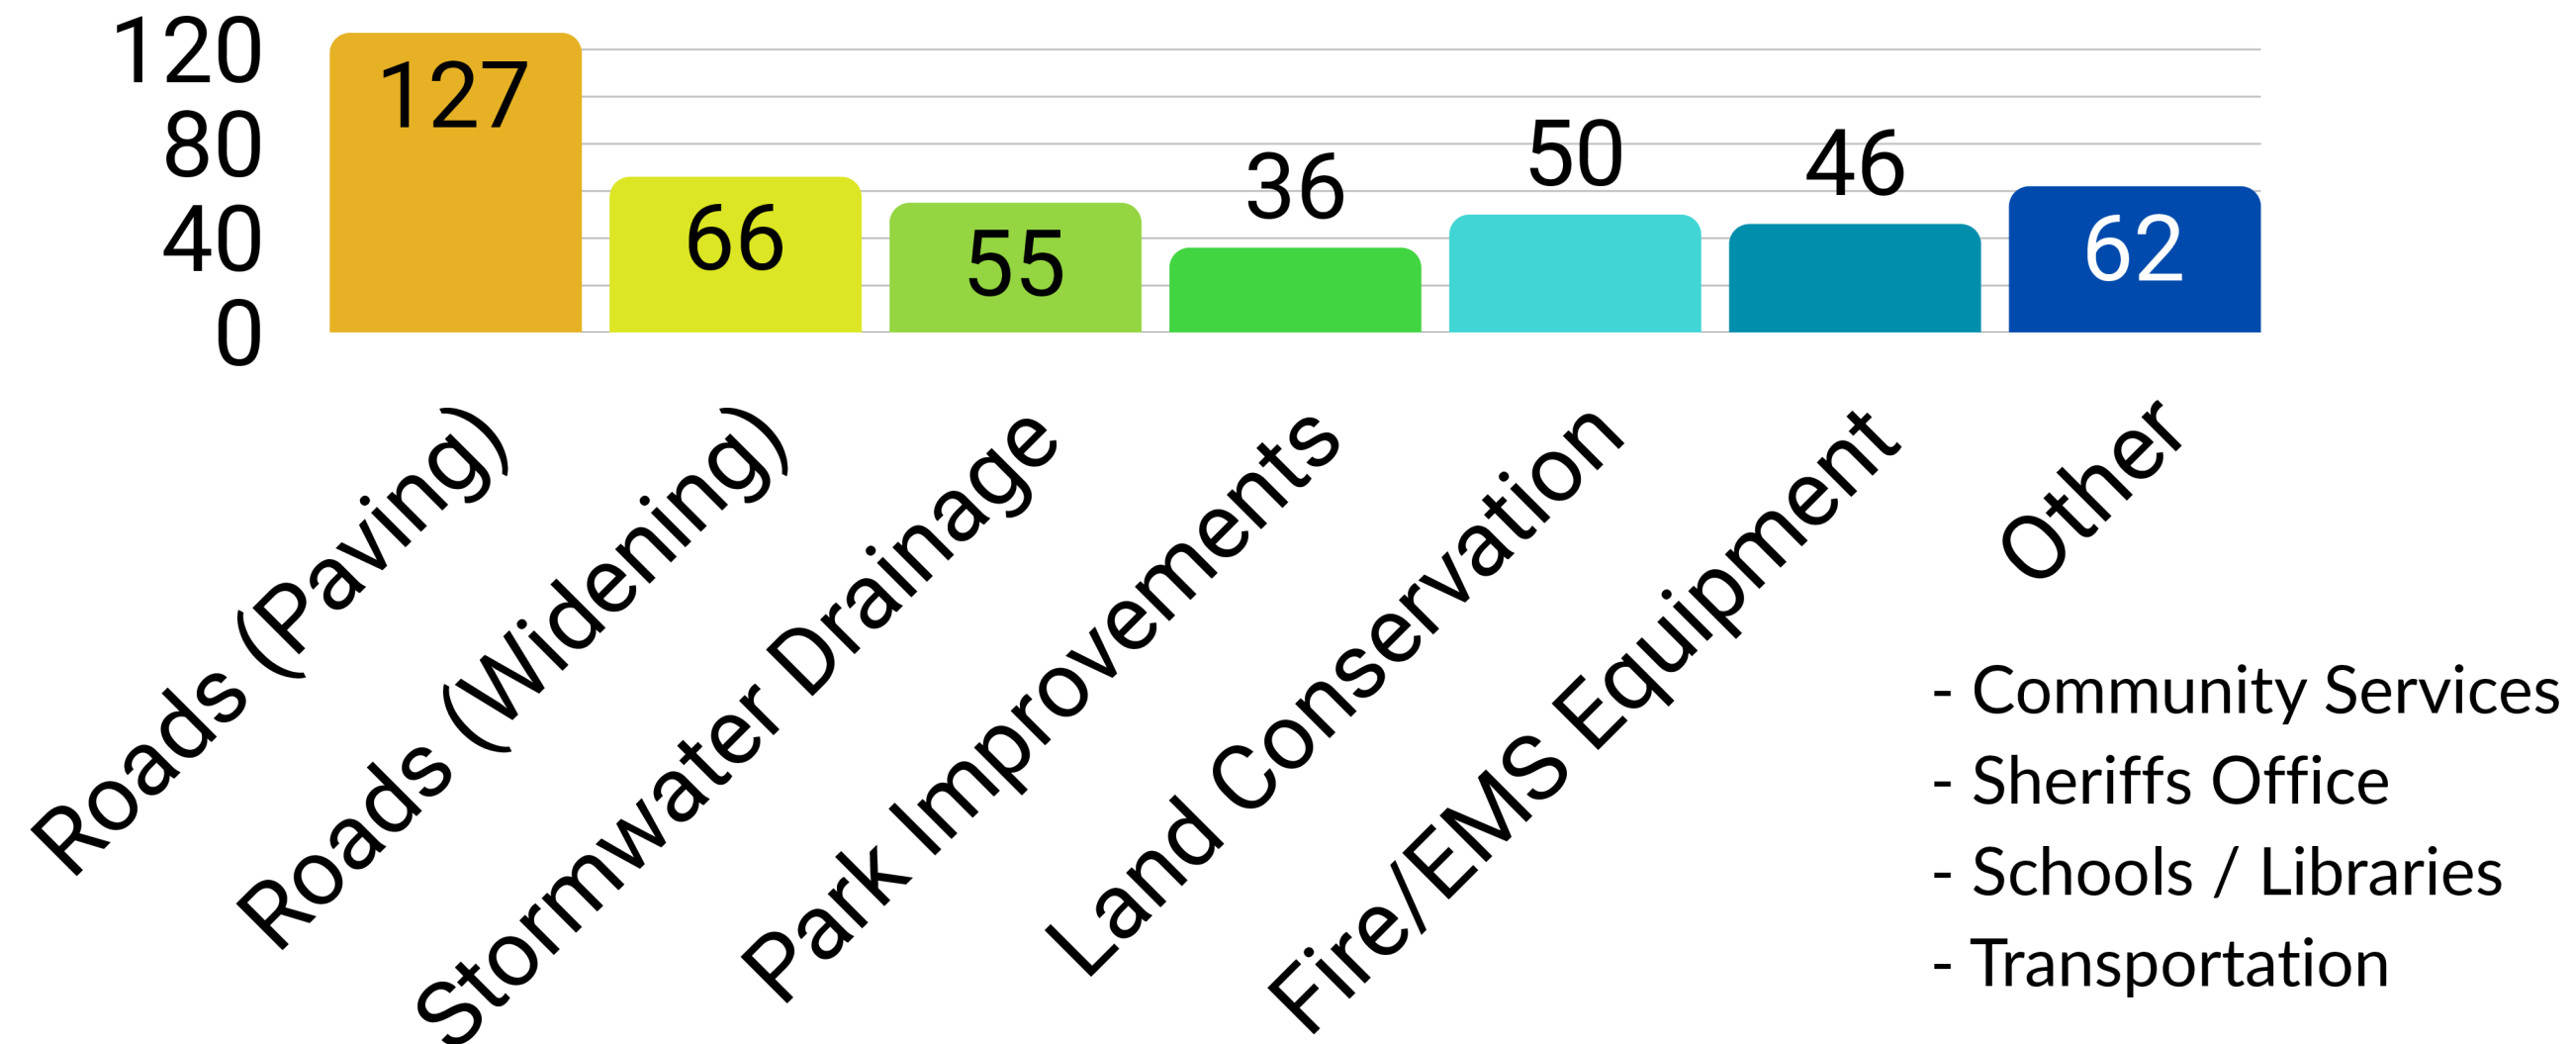

2ND ROUND LOCAL OPTION SALES TAX SURVEY RESULTS

If Citrus County were to implement a 1% Local Option Sales Tax, how long should the tax stay in place?

2ND ROUND LOCAL OPTION SALES TAX SURVEY RESULTS

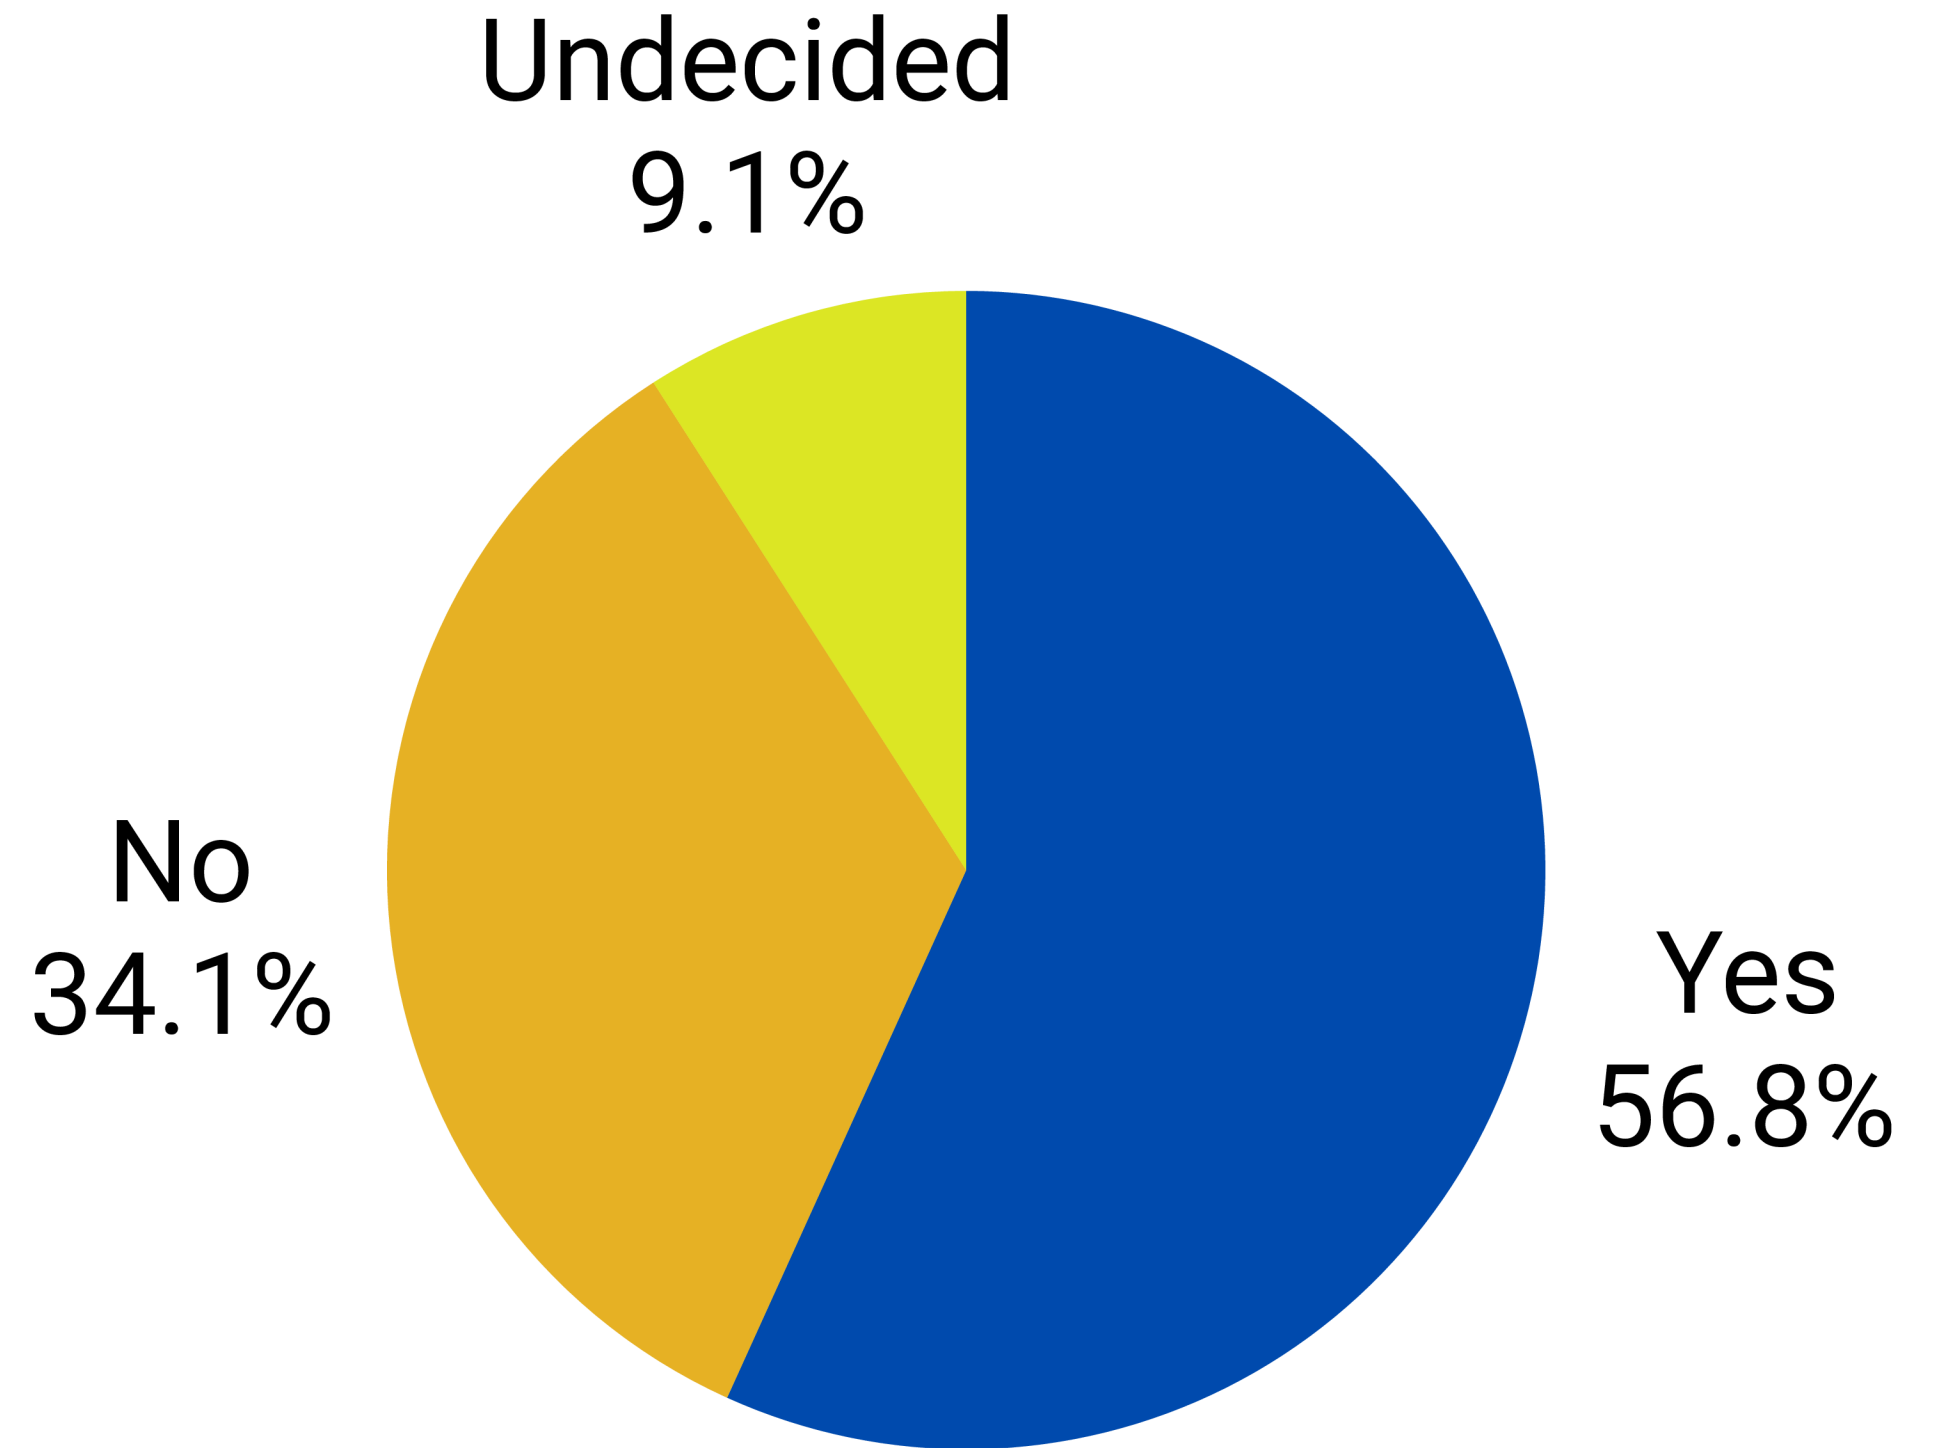

What should the revenue be used for?
