NEXT STEPS

10

This Place Plan for Staple Hill sets out; the understanding of the place, the priorities of the local community, a vision and a set of design proposals that will make Staple Hill a more inviting and enjoyable place.

The proposed ideas range in size from small, quick interventions to longer-term more significant changes to the high street. The focus areas of Fountain Square, High Street West and the gateways have so much potential to become attractive, accessible destinations on the high street

The concept designs within chapter 8 set a high level of aspiration and can be used to progress detailed design work for these projects.

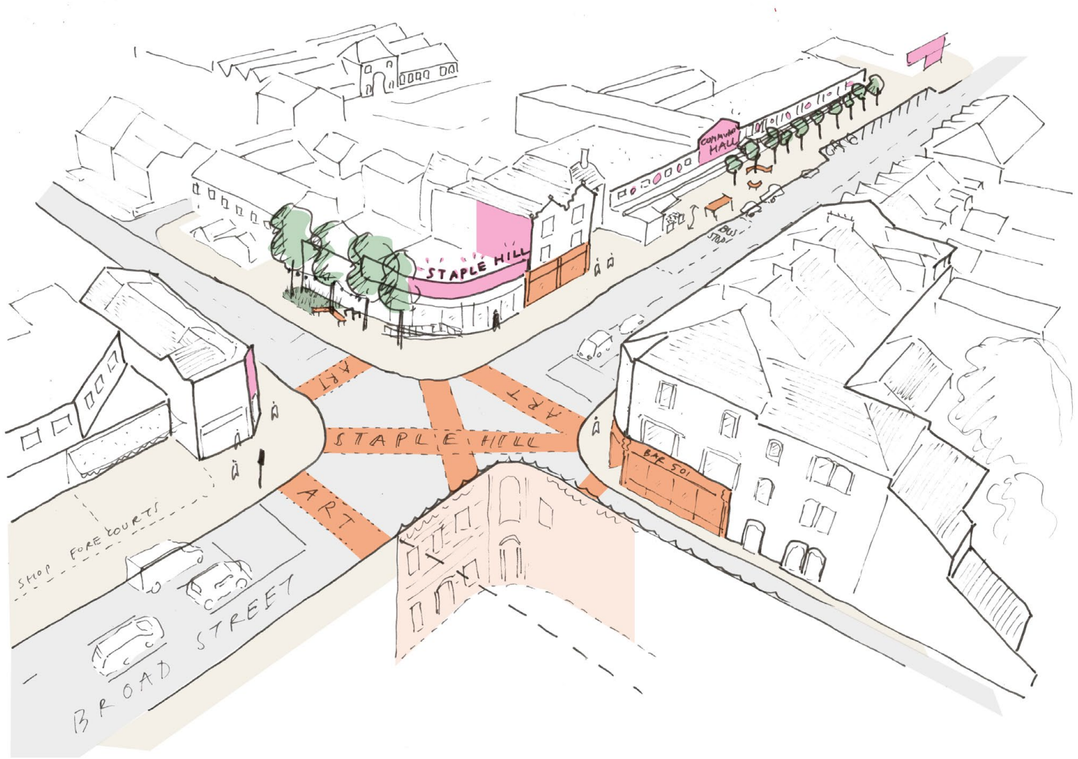

South Gloucestershire Council and Staple Hill & Mangotsfield Parish Council, along with the community, will use this plan to scope projects, identify potential partners and help to attract funding.

Public Realm Pavilion, Stratford, YOU&ME Architecture

Belonging Bandstand, Morag Myerscough

Sketch proposals, Central gateway
