- It is a friendly, waterfront community with a diverse populace and a vibrant business/shopping district. It has a small town feel, where one recognizes one's neighbors and fellow citizens. Yet its proximity to NYC and its arts, theater and restaurant scene give it an artistic and somewhat sophisticated vibe. It has a rich history and should not forget its roots. The land was obtained from indigenous people long ago and the name Mamaroneck hearkens back to these indigenous roots.

- I grew up here, back to take care of an elderly parent. It's a wonderful small town. I rode my bike from Orienta to Sal's, caddied at Winged Foot, went to Central & Hommocks, saw movies in town, ate at Walter's, played games at Cook's. My only concern now is over-development in areas around Mam'k Ave. I strongly dislike the dense apt bldgs being built that could lead to overcrowding in town, schools & strain resources. Also VEHEMENTLY against the redevelopment of Hampshire Country Club.

- The logo with the First Nations person is offensive because there are no signs around the town about where they may have lived and who they were: the Siwanoy/Lenape people. I believe the Town of Mamaroneck should spearhead a movement to honor the indigenous people who lived on this land before Europeans colonized, including signs around town describing where they may have specifically dwelled and their activities and government. Please consult Evan Pritchard of the Center for Algonquin studies.

The community resource center was also updated and is now looking like a very welcoming and active place as well. I feel that the $250,000 should be applied to resolving the flood zone is Mamaroneck. It is a community effort and if there is an extra $250,000, it should be used to that purpose.

These policies have been pursed unchecked for years and the issues have only gotten worse. The Town also has amazing potential to serve its current residents. We see through volunteer emergency services parents volunteer for kid's activities, people care about what is here. They're not doing these things contingent on a changed Town.

- Crowded. Litter on Ave & BPR. Worn out/tired buildings needing facelifts. Spotted, stained, cracking sidewalks everywhere. Sinking grassy area at Harbor. BPR stark, hot, depressing, treeless. Lack of green space, lack of color. Redundant restaurants. Halstead Ave a blight. Bridge still broken.Blinding LEDs all over. Pathetic fireworks. Sorry, grew up here and that's what it's become. Look into Northport, Long Island for inspiration. It is what Mam'k could and should be more like.

- How to describe the community that isn’t really a community. It’s a legal construct, but in everyone’s mind we all live in Larchmont, Mamaroneck (the Village), Scarsdale or the other communities in Westchester. The ToM is just a historic artifact that creates an extra layer of expenses for taxpayers. Shouldn’t we just divide the unincorporated portions of ToM into VoL and VoM? So really you should ask residents which community they identify with first. If they’re in 10538 then VOL?

- When new buildings come in it feels white washed and gentrified. Renting apartments in a flood zone that you need to make at least six figures to pay for is ridiculous. My community Mamaroneck Gardens is getting expensive. It's $1,200 a month in maintenance fees with no mortgage and I own shares to the apartment, but it still feels like I'm renting. They keep increasing the fees every couple of years and claiming it's the increase in cost of living. I think that's partially the reason.
